MONTICELLO ROD and GUN CLUB

HISTORY: The original Articles of Incorporation for the Club as a non-profit show the start date as September 1, 1946 as “Monticello Gun Club”. Terms of Admission to Membership were $5.00 for life with no annual dues. The original abstract for the Club’s current site dates back to June 1, 1861. On July 1, 1958 the property via warranty deed was given to the Club. It was located in the Village of Monticello. In 1977 the corporation name was changed to “Monticello Rod and Gun Club, Inc.” The club has been in Monticello for 75 years.

The old photo below shows the club location in 1939 at Tarzan Elms along the Mississippi River. Today, the land in this old photo is owned by the Excel nuclear power plant.

In its early years the club property was located west of and outside of the city. Today, the property boundaries are within the city limits of Monticello at its current address: 1821 River Street West. *(Photos shown below.)*
